

John Kobelt: Managing Consultant

With more than 15 years of experience as a provider of resource solutions to organisation across the global ICT marketplace, John has developed in-depth industry knowledge and a thorough understanding of the needs of his clients and candidates.

He has worked as a Global Account Manager for a leading telecoms provider where he had overall responsibility for more than 250 contract consultants and managed a team of consultants selling international recruitment services to major telecoms vendors and operators.

As Managing Consultant of the RP International contractor recruitment team for Europe, the CIS and LATAM, John utilises his many years of experience supervising new business and major account teams to ensure the highest standards of service are provided to clients who need subject matter expert consultants.
